IT'S ONE OF THE 160 SCOTTISH ARTS ORGANISATIONS COMMITTED  
TO REDUCING THEIR ENVIRONMENTAL IMPACT

Here are some tips for how you can  
help, as a Festival staff member!

Reduce energy use  
wherever possible (out  
of show-time!) by  
switching off lights  
and other tech  
equipment

Use email,  
electronic PDFs  
and online forms  
to reduce your  
admin printing

Reduce, reuse and  
recycle as much as  
you can, and provide  
the facilities for your  
audiences to do so  
too!

Get in touch with  
Creative Carbon  
Scotland for more

more sustainable  
festival!

venue, for ease in  
advising audiences
